Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent.

The correction regarding insertion of the sentence (in column 5, after line 31) of "In the case of ---, as would be apparent to a person of ordinary skill in the art", cannot be approved, because the content "as would be apparent to a person of ordinary skill in the art" introduces new matter, which is not disclosed in the original specification and has been cancelled through Examiner's Amendment (on 11/21/2005).

In view of the foregoing, your request is hereby denied.

A certificate of correction will issue for the remaining error noted in your request.
